[Secretariat] FY2022 Ministry of the Environment

LD-Tech program operating secretariat

(Public sector, Deloitte Tohmatsu Consulting LLC)

[Name of certification program]

LD-Tech certification program managed

by Ministry of the Environment

[Equipment certified] Binary power generator

- Generator for vapor: Thermapower 125MT
- Generator for hot water: Thermapower 125XLT

[LD-Tech certification program by Ministry of the Environment]

The LD-Tech certification program is a program instituted by Ministry of the Environment towards 2050 carbon neutral. LD-Tech is an abbreviation for for Leading Decarbonization Technology.

The System aims to realize a decarbonized society, by disseminating most effective products for reduction in CO₂ as LD-Tech certified products by Ministry of the Environment, from among equipment and machinery enabling decarbonization in Japan.

DJK will strive to take initiatives by fully utilizing decarbonization technologies, to play a significant role in the reduction of CO₂ emission.
