Announcement of DJK's Article Published in US Magazine

Daiichi Jitsugyo Co., Ltd. (DJK) has announced that an interview with Mr. Daijiro Kodama, General Manager in the Energy Solutions Business Division, has been published in the US magazine, *Energy Business Review*.

Energy Business Review is an industry-specific publication issued by Valleymedia Inc., based in Florida, USA. It covers developments in the energy sectors, including electricity, crude oil, natural gas, liquefied natural gas, and renewable energy.

According to their independent research, DJK has been selected as one of the top ten companies in the Asia-Pacific Region for battery manufacturing solutions 2023. We were pleased to respond to their interview request.

You can view the magazine online by clicking on the [Digital Magazine](#) link below.
